Please don't ask me

Chorus:

Please do not ask me what is wrong with me,  
and if I still love you.  
If that is all whats left,  
i will take the farewell letter.

It is unfortunately true, I was not often enough with you.  
But I never did like it, I would rather be close than far  
away.  
Because I love you, why do you think I do not.  
Why you not trust me and why you not even look into  
my face.

Refrain

Do you think I like to let you alone, I would rather be  
with you  
You know exactly, it will not work, because there are  
things on the emergence,  
I've planned, you will see, then everything is good  
again.  
Despite your sadness, your anger, in spite of your  
sadness, your anger

Refrain

No, I do not search for a fight, I want can look into your  
eyes.  
You say you still love me and that you hope for my  
insight.  
Then you better let me go, I will not stand in your way  
I better let you go, I will not stand in your way.
