[Intro: RZA]

You know they say
In every man's life, there comes a time
When he get struck by the arrow of Cupid
By the love of God, or the beauty of a woman
And sometimes this love, brings thunder into your life
And it brings the storm, sing about it

[Xavier Naidoo]

There is more to love than this
Love is more than just a kiss
Will we take it to that step?
Will we do more than just connect?
And will you bring the thunder in my life?
And the fire in my eyes?
'Cause then there, will be days of pleasure where
Everything far will be so near

[Hook: Xavier Naidoo (woman)]

I have never felt thunder (thunder)
And lighting (lightning) like this
I have never been struck by (struck by)
A wonder (a wonder) like this

[Xavier Naidoo]

There are days where I can stop talking about you
There days I can't stop saying your name
And I am looking for ways never to part from you, have
Everything changed and you still stay the same

[Chorus 4X: Xavier Naidoo]

I've never seen, and there's never been
Anything, with the beauty of you

[RZA]

Yo, yo, yo
Aiyo, shorty, I've never met someone so beautiful
From your hair follicle to your finger nail cuticle
Struck by the arrow of Cupid, this love is deep rooted
Like someone took my heart, sampled it and looped it
To a song that's endless, passion brings the tempest
I'll slay a thousand dragons to save my little princess

A walking gift from God, you are my shining star
The diamonds and gold that most men be mining for

[Xavier Naidoo]

Days that we share are like treasures
A treasure like fire is to mankind
My hands will try to carry you to ever
But since I've seen you, you've bright heaven to my
mind

[Chorus 4X: Xavier Naidoo]

I've never seen, and there's never been
Anything, with the beauty of you
