Just a look just a touch from you can make me lose my
mind
But the kiss from your cold lips confuses me
sometimes
The closer I get the harder I try
The futher away you seem
I see the smoke in your eyes from the fire of an old
flame
She put it out and put you down but I'm not the one
to blame
And I won't ask forgiveness for her mistakes

Have faith in me
Like I have faith in you
Then somewhere in these arms
You'll find what you've been searching for
You've given me a reason to believe
My heart has found a home
And doesn't wanna be alone anymore
Have Faith in Me.

I don't know if I can undo the damage that she's done
But I promise I can be the woman she never was
And I know that you may still have your doubts
I've done everything that I can do but lie
Would I be lieing to myself if I said your love was mine?

Have faith in me
Like I have faith in you
Then somewhere in these arms
You'll find what you've been searching for
You've given me a reason to believe
My heart has found a home
And doesn't wanna be alone anymore
Have Faith in Me.
