Lyrics/Music S.Mitchell/L.Pollack

Good morning, good morning

Nature hums when morning comes along

Day's dawning, stop yawning

And begin to join me in my song

Early bird, up at break of day

Early bird, sing the dark away

Early birdies always catch a worm or two

So don't be late you've got a date

Your worm is awaiting you

Sleepy head, never see the sun

Stay a-beds, always miss the fun

Whistle in the morning

Send the worm a warning

Sleepy Head, tumble out of bed

Be a little early bird
