What more do you want from me?
How more could I give to you?
Still you beg and beg for more
Still I am on my knees

You want love, you want trust
I have pain and I have thirst
You want me, I know you want to
But I'm standing yes I'm standing
Close to you, and we're far apart

Love kills, we wrote in our hearts
What we had we knew and what it meant
I was lost, you got me found
Many thanks to you, I'm still around
you felt the same, that was true
But I'm hurting, still standing
Close to you, and we're far apart
close to you

Babe X3
Close to you
