I fly

Into this the madness (I fly)
For what it's worth (I fly)
That's my curse (I fly)
Too much of this sadness

Hope I'll get your attention
A lot at stake
Don't you stop me
I'll do this on my own
Don't even try
Running forward without thinking
Everything flashes by
I forgot why I even started this
Where is my faith

I'm in reverse
Only you to blame if you get hit
I'm in reverse
See if there is anyone I missed

There you are
Hiding from your own faith
Look at me
I found you when you walked alone
Remind yourself
Blame this on yourself
In the end you are for real or you are not
Don't give up, keep on fighting
Turn around, keep on smiling
Until you feel alive

That's faith

I'm in reverse
Only you to blame if you get hit
I'm in reverse
See if there is anyone I missed

That's my curse

For what it's worth

I'm in reverse

Only you to blame if you get hit

I'm in reverse

See if there is anyone I missed
