Verse 1

Now this, is something like a lullaby to help us through
the times we cry,
to face the truth, and clarify,
that no one's getting out alive.
So climb up on, the mountain high
to see things from an eagles eye,
raise a hand up to the sky,
with many tears before we die

Chorus

(Hear this) x3
Did you ever feel powerless?
(It is) x3
It's not the time to feel powerless.

Verse 2

If only we could unify,
and join our hands as one and try,
to soften hearts and let them fly;
sometimes we fail but still must try.
See I could, never live a lie
I guess I'm not that type of guy,
little me, with an honest cry,
still trying to identify.

Chorus x2

Bridge

I left my heart and say goodbye (powerless)
If only we could unify (powerless)
Sometimes i fail but still i tried.
Powerless, powerless, powerless, powerless.

Chorus

(Hear this) x3

if only we could unify
(Hear this) x3
We still must try

Hear this (till fade)
