Watch them flee
Watch them flee (wrap-wrap-wrap up)
Watch them flee (hip-hop heads)
(And you do it like this)

It's going down
The rhythm projects 'round the next sound
Reflects the complex hybrid dialect now
Detect the mesh of many elements compressed down
The melting pot of a super-futuresque style
The combination of a vocal caress
With lungs that gasp for breath from emotional stress
With special effects and a distorted collage
Carefully lodged between beats of rhythmic barrage

It's going down
A logical progression on the timeline
The separation narrowed down to a fine line
To blur the edges so they blend together properly
Take you on an audible odyssey now
It's going down
A logical progression on the timeline
The separation narrowed down to a fine line
To blur the edges so they blend together properly
Take you on an audible odyssey now
It's going down

(Put it up)
(And it goes like this)
(And you do it like this)
It's going down
(Put it up)
(And it goes-it goes like-like this)
(And you do it like this)
It's going down

Once again it is
Composed sentences all together venomous
The four elements of natural force
Projected daily through the sound of the source
Everybody on board as we blend the sword with the

pen

The mightiest is the weapons swinging right from the
chin

To elevate of mental states long gone with the wind

To defend men from shoddy imitation pretends

It's going down

Style assimilation, readily

Trekking through the weaponry of a pure pedigree

Cleverly seeing through whatever is ahead of me

Whatever the weather be, we advancin' steadily

It's going down to sub-terrestrial high

A rhyme regiment that's calling the shots

Execution of collaborative plots

Ready to bring the separation of style to a stop

It's going down

A logical progression on the timeline

The separation narrowed down to a fine line

To blur the edges so they blend together properly

Take you on an audible odyssey

Now, it's going down

(Put it up)

(And it goes like this)

(And you do it like this)

It's going down

(Put it up)

(And it goes like this)

(And you do it like this)

It's going down

X-men 'bout to blast off world wide

X-men 'bout to blast off world wide

(And you do it like this)

It's going down

Put it up

And it goes like this

And you do it like this

It's going down

Put it up

And it goes like this

And you do it like this

It's going down
