Verse 1

You keep pushing it hurts me so,
a moment longer I won't let go Ten years later his
on his own, so he decides to pick up the phone How
you been it's been so long, you wanna hate me but
you're not the only one

Chorus

And she starts crying, wake up he's your son
You should of loved me, but instead I watched you run
Now ten years later, and you decide to pick up the
phone Now your telling me, you won't spend another
moment alone

Verse 2

And he starts crying, god what have I done
I wanna hold you, you're the mother of my son
She starts crying, damn it I need a man
He says I coming, I'll be there as fast as I can

Chorus

So he starts driving, ten years of wonder in his mind

And she's there waiting, ten years of anger inside
She wants to hate him, but forgiveness fills up her
mind

Bridge

And there his standing, alone there in the cold
He puts his arms around her, this time he won't let go
And out comes walking, the apple of his eye
He says are you my father, man I could just die
Son I'm sorry, that this all took so long
From now I promise, you won't spend another moment
alone

Outro

His little eyes fill up with pride,
and I can't tell you how I feel inside It's never too
late to change your mind, to get back what you've left
behind.
