Extreme and Desire  
Boys are on fire

She's so desirable  
Every man would buy her gifts  
She's unforgettable  
She is femme fatale

She's so delightful  
Biting the cherry of her drink  
She is adorable  
A fatal danger

She is inevitable  
Ether presence in the room  
And she is unstoppable  
Mass destruction nuclear

She's chic and joyful  
Fooling with guys around  
A sexual appeal  
Impossible to find

Lovely bitch | Golden hair | Silky lips  
You can tell | By a look | At her hips  
She's so smart | She's so thin | Quarantine  
Lovely bitch | Lipstick on | Vodka sips

Just like an explosion she invades your body  
Hitting on every body

Lovely bitch | Get it on | Dance with me  
Lovely bitch | On the floor | Gasoline  
Lovely bitch | Focus on | Higher pitch  
Lovely bitch | Get it off | Dance with me

She is one of a kind  
But she isn't kind enough  
She's not approachable  
High profile, Bitch is tough

She is incredible  
Wanna be like her one day  
She's so amazing  
Girls like her are here to stay

Lovely bitch | Golden hair | Silky lips  
You can tell | By a look | At her hips  
She's so smart | She's so thin | Quarantine  
Lovely bitch | Lipstick on | Vodka sips

Just like an explosion she invades your body  
Hitting on every body

Lovely bitch | Get it on | Dance with me  
Lovely bitch | On the floor | Gasoline  
Lovely bitch | Focus on | Higher pitch  
Lovely bitch | Get it off | Dance with me

Lovely Bitch  
La La Lovely Bitch

Running around  
You got the men you want on ground  
They're falling praying on their knees  
For you notice them and please

You're such a sexy girl  
You speak and everybody fall  
You can have one man every day  
Your soul is damaged anyway

Lovely Hyper Sexual Bitch  
Lovely Hyper Sexual Bitch

Fuck You Bitch.
