Ill-suited for leadership  
Nature bestowed her foulest pigmentation upon them  
much like a scar

It accompanies them to their nameless grave  
On these malaria ridden vessels  
A love affair between slaves and sugar  
The ones who managed to escape  
Dove like cormorants into the Atlantic

Ducats, Cowries, Reals or Silver Pesos  
No currency denied in these ports

Beggary becomes a far fetched luxury  
The world of noose justice

It accompanies them to their nameless grave  
On these malaria ridden vessels  
A love affair between slaves and sugar  
Unwanted coexistence  
Too drained to cry, too shamed to pray

Ducats, Cowries, Reals, or Silver Pesos  
No currency denied in these ports

Beggary becomes a far fetched luxury  
The world of noose justice

Exemplary behavior is worthless when  
Their crime is genetic

Skin becomes hard leather  
Disfigured by torrid irons  
Immeasurable cruelty  
Only man knows how to inflict
