A Candle
there's a place in my heart
4 u 4 real
now it's time 2 hold me tight
as one 4 good

when the night falls
my lonely heart calls
oh girl that i'm down
on ur line

chorus
there's a candle and it
burns like me 4 u
it's a love and it burns like fire x2
there's a candle and it
burns like me 4 u
it's a heart and it burns like fire

there's so much things
we could do girl
just me and u
i know u're unstable
i'm aware about
that u're cheating and messin around

u know what it is
all about no doubt
my love too strong
2 keep me down

chorus
