BABY I LOVE YOU

Get up and come close  
i just wanna show u one thing  
what makes me loved u  
take a step baby and count 6

Not only u got to push it baby  
and dance the night,dance the way u feel baby  
it may seem kinda crazy  
but its a shown off thing.  
u know why?

They said,u needed me and i don't know why u want  
me  
they said u gonna love me  
or u ready to blame me

chorus  
Baby baby baby i love u

Honey u should ever worry  
what i'm doing,keep close  
do the way u feel cause  
that's what makes me loved u  
i came for your love  
and here i am in a hurricane  
look look baby, look up,look up i'm after u  
i must be crazy,crazy for your love

They said,u needed me and i don't know why,i don't  
know why  
they said u gonna love me  
or u ready to blame me

chorus
