GET THE PARTY

chorus

we got to dance ,dance the night
and feels like we can fly
we got to run up the night
till the down its over

come and join me for the night
if u feel its your time
we can not do it all the night
if the dj get ya strike
lets get the party started
if u wanna go my way
we can jam all night long

chorus

u got to move on again
u got to shake it now
u got to move on again

show your love all the night
shake everything u got,move everything on u
we can do it all the night long
shake everything u got,move everything on u
lets get the party started
if u wanna go my way
we can jam all night long
