GIVE ME A LITTLE LOVE

smiles have all turned to tears
reflections of the love u took from me
i keep holding on to the happy time
when me was u and u were me
sometimes i feel i'm loosing my mind
just wanna feel your touch oh baby

chorus

give me a little love
just wanna feel your arms again
give me a little love
just wanna hold u back
give me a little love
just wanna feel your arms again
give me a little love
just wanna brace u again

la la la la la-la la la la la la - la la la la lah - la la la la la
la

girl i can prove it, my heart is willing
yes i'm talking about the love train
your love, your special love
i feel i've got to hold on to your love
sometimes i feel i'm loosing my mind
just wanna feel your touch oh baby
