lord as always is me first
i don't wanna ask you what you doing
just to tell you that i'm thinking of you
at this moment not so easy for me
it was better staying baby
everything's simple light and natural
i'm dying baby, its got to be the end

yeah a single thing
you've got to believe me baby
it happens darling
i got only sunshine in a wallet
its too sad enough to sing

i cry a river over you baby
i made a life baby out of loving you baby
it always seems so hard to give honesty

chorus
forgive me, if i've ever hurt you baby
and i'll be forever thankful baby
cos you just part of me i love you

you're an open page
is your day shine day baby
you got me running and hiding over
conversation is going round

chorus

bri
believe me what i say there's nothing to hide
my silence and absence of all this year
is just working hard to provide the need
you know baby
