RUN FROM BABYLON

I used to be a man of peace  
war was for barbarians, the uncivilized said my friend  
that the bible teaches blessed are the peace makers  
for they shall be called the children of jah

chorus  
run from babylon  
dem i desperate for ya money  
run from babylon  
dem i gonna kill to get it  
run from babylon  
dem i desperate for ya money  
run from babylon  
even if dem have to liar

But babylon traded creation for evolution  
bible for science and God for self dependency  
human blood has become cheaper than spit  
violence has become culture, peace isn't no longer in  
vogue

chorus

this is time for the rastaman  
this is time for the i jah man  
this is time for the bongo man  
this is time for the roots man
