YOU ARE A PART OF ME

too many times u gave me more than u look  
i've got my share of life up and down  
but fate's been kind the bad have been few  
u've been there each time of pain and glory

u're a part of me

u're a part of me  
and don't even know it  
co's u mean that much to me

i keep on wondering, what i'm gonna do without ya  
but these special love, i cant hold inside  
no much much longer girl would u be mine  
its time to let u know the truth yeah
