It feels retarded
I want you to like me
Will you be there tonight?
Do you mean it when you say what you say?
Fixing up my hair, i want to impress you today and
everyday ok?
Okok ok
Somebody you'd want
I want to be careless to so much waiting
So much sitting alone when you say what you say
Its not what i thought, it's really nothing at all
Im not who you want
Alright alright alright alright
Bunny gamer stand up bunny gamer
Where have you been all of my life?
Bunny gamer take me with you
Ok ok okok ok
Bunny gamer sit down
Bunny gamer, where have you been all night?
Bunny gammer leave me alone
Alright alright alright
