That's a pill and you've got to take it
That's a pill that you've got to take
That's a pill that you've got to take
I won't rest until you take it
That's a heart that you made
That's a heart and the both of you made it
That's a heart that you made
And I won't rest until I break it
It's le histoire de la family
It's le histoire de la FAM
It's le histoire de la family
And I won't rest until I forget about it
I won't rest until I don't care
I won't rest until I forget about it
I won't rest until I don't care
La La La La La La La La
That's a razor and you will make a threat
That's a razor make million billion threats
That's a razor and you will make a threat
And I won't rest cuz I heard it all before
My behind is a beehive, there's a buzz in my backside
My behind is a beehive and I won't rest
While you break my will
Je t'aime the valley
Je t'aime the valley OH!!!
Je t'aime the valley
I am an orphan de la valley
And I won't rest until I forget about it
I won't rest until I don't care
And I won't rest until I forget about it
LA LA LA LA LA LA LA LA
