Catching Up

Your need to run, has left me out of breath;
Your faith in me, is in my head;
Dusty habbits on the shelf, breaking silently
unrepaired;
Making more than what, I want to put you through.
Oh oh oh

All I am, is moving underneath me;
Ha ha ha ha ha
Empty hands are hanging from the ceiling;
My will to learn is not enough to fix this,
Ha ha ha ha ha
All you need Is someone to believe in.

Honestly, your eyes reveal a strong curiosity;
A rocky path is hard to beat;
We like digging in the plants, giving everything we ever
got;
Letting down the ones we knew right from the start.

Ha ha ha

All I am, is moving underneath me;
Ha ha ha ha ha
Empty hands are hanging from the ceiling;
My will to learn is not enough to fix this,
Ha ha ha ha ha
All you need Is someone to believe in.

Hmmmmhmmmmhmmmm

All I am, is moving underneath me;
Ha ha ha ha ha
Empty hands are hanging from the ceiling;
My will to learn is not enough to fix this,
Ha ha ha ha ha
All you need Is someone to believe in.

Ooooooooooooooh ohhhh ohh
