foul deeds
indeed
duping prosperity
we made no vow?
we just fought
the rifle is heavy beyond compassion

some human destruction
but you will not be forgotten
war for cricket children
placed with?

brought back to fight
your idea of dying is gone
your idea of killing is printed on the body
he moves with you all of the time
he moves with you all of the time
he moves with you all of the time
he moves with you all of the time...
