is this the first time
you've known regard?
two weeks not enough to unnotice
why are we like this?

cut at whats already cut

the littlest of stones
no one visits this
solitude and death for you,
gayle lynn

1948
unloved infant girl
the loneliest of graves for you,
gayle lynn

does your dadies grief
excuse the stain
that you have
as well watched we died [?]
terry and cathleen

1948
unloved infant
the loneliest of graves for you,
gayle lynn
the littlest of stones
no one visits this
solitude and death for you,
gayle lynn

hear this every day
keep them safe forever
youve heard this one before
keep them safe forever
you hear this all the time
please please look after them
