Defrock human
no one stole you
day light murder
from your front room

Distilled violent
keep safe
please God!

I got away pedophile
I made it into my own little christian school
flung far thy serial will to kill

I got away, I got away, I got away, I got away,
I got away, I got away, I got away, I got away

Drip drip spatter
sparkle glasses
decayed panties
grow up and be good!

I got away lustmord
I made it into my own little Sacramento
flung far thy thick unconvertible need

I got away, I got away, I got away, I got away

I got away pedophile
I made it into my own little christian school
flung far thy serial will to kill

I got away, I got away, I got away, I got away

I got out Richard Chase
I made it to my pink and padlocked door
flung far your thirst to destroy me
yawa tog I, yawa tog I, yawa tog I, yawa tog I
