"Sad Pony Guerilla Girl"

You say I am loca because I am your girl
You say I am stupid because I am your girl
You leave me out on the steps you dress me up like a
boy
You say that I am your secret love
You say to be quiet but I want to tell the whole world
I like my neighborhood I like my gun
Drive in my little car I am your girl and I will protect you
We do it in the back of my little car
Pull up my pants and fix my bra go on home to your
kids
I'm going to be quiet and I'm going to tell the whole
block
