[Verse 1]

Yo check it out! We've seen enough of this hatin
2003 and you know we're still waitin
Its crystal clear what you've come here looking for
I can see it your eyes and on your mouth for war
But there's just one thing that u dont seem to see
There's not so much difference between you and me
Hear the message in the Reggae blastin from the
stereo
Alla da massive ina da place let me hear you turn it up

When the music hits you, you will feel no pain
No matter what your skin coloration, the effect will be
the same
So drop the hate before it consumes us all
You know united we stand and divided we fall
Sometimes it aint easy, gotta fight for our rights
So plug in the mic and yo and hit the lights
Can ya hear me, can ya feel me
Can ya hear me, feel me, let me hear u say ho!

[Chorus]

Contention - we gotta take it away
Opression - we gotta take it away
Tribulation - Yo take it away
Separation - Ya'll take it away

One Nation - You gotta bring it my
Iration - You gotta bring it my
Sensation - Yo bring it my way
Cooperation - You gotta bring it my

[Verse 2]

Mr soundman turn it up cos these important words
Bring this message of peace to all my brothers and
sisters
Mr soundman turn it up everyboby's gotta hear
This dancehall style that brings the joy to my ear
Through the wicked and wiley, yo the rub-a-dub stylee
When i hear the drum and bass u know i feel irie
Hear the message in the Reggae blastin from the

stereo

Alla massive ina da place let me hear you turn it up

Mr soundman turn it up, Bob Marley, Dube, Peter Tosh

Alla da massive dem a jumpin an a screamin, oh my

gosh

Positive vibrations all around the place

If u're not feeling irie, you
