Well my baby threw me out because I drink too much
She offered me her car so I could move my stuff
I gonna sell the bitch's car
I gonna sell the bitch's car
I gonna sell the bitch's car
And buy myself a cool guitar

Well she never should have called me a lazy slob
It ain't completely my fault I can't keep a job
I gonna sell the bitch's car
I gonna sell the bitch's car
I gonna sell the bitch's car
And buy myself a cool guitar
I gonna sell the bitch's car
And buy myself a cool guitar

Well she said I spend my money on tequilla and beer
Haven't paid my fair share since this time last year
I gonna sell the bitch's car
I gonna sell the bitch's car
I gonna sell the bitch's car
And buy myself a cool guitar

She said she couldn't care less where I spend my
nights
Sorry babe about it she's probably ... right
I gonna sell the bitch's car
I gonna sell the bitch's car
I gonna sell the bitch's car
And buy myself a cool guitar
I gonna sell the bitch's car
And buy myself a cool guitar
I gonna sell the bitch's car
And buy myself a cool guitar
