Needles are piercing through my skin
I'll tell you the feeling what it's like
Is life just all about deception?

Please don't be a part of a fairy tale,
but you're so young to play with thy own will
Should I trade the breath of my life for freedom?

(In the rain) I'm calling you, dear
(Find the way) Can't you see me standing right here?
(Feel my pain) Life's bleeding from fear
(Find its place) I will give it straight from my vein

Don't you ever let life pass you by
They say as if it takes me somewhereÃ,Â

Just let me swallow the faith by injection
Let blood be rushing to my head, my love

I've played with this game before
to find a piece of my true self!
I'm lost within!
(In the rain) I'm calling you, dear
(Find the way) Can't you see me standing right here?
(Feel my pain) Life's bleeding from fear
(Find its place) I will give it straight from my vein

I.V. in my vein to feel less it's pain
Can you strip away the mystery of the world
I'll let it suffer for it's lie
Till the shape of the shadow fades,
forever fade away

(In the rain) I'm calling you, dear
(Find the way) Can't you see me standing right here?
(Feel my pain) Life's bleeding from fear
(Find its place) I will give it straight from my veinÃ,Â

(In the rain) I'm calling you, dear
(Find the way) Can't you see me standing right here?
(Feel my pain) Life's bleeding from fear
(Find its place) I will give it straight from my veinÃ,Â
