I could not to look back, you'd gone away from me
I felt my heartache, I was afraid of following you
When I was looking the shadows of the wall
I started running into the night to find the truth in me

In the crowded street, you're standing all alone
The shadow of the days hide your heart
You are bringing down the heart of the night
Keeping everything off

As if something gonna force you
Now, you're running into storm
Can't you see I'm always on your mind?
Tell me why you leave me alone?

When I was gonna be losing you on my mind
Found my heart in soil, I'm looking back the days
These are gonna break my heart
But I can't never hold back

All of you in my memory is still shining in my heart
Now, you're wearing the mysterious lights
It keeps me sticking into my heart

My heart has been gonna dye deep red with all of pain
There's no one to cure my pain only without you
How I try to shout, how I try to run, there's nothing I can
do
The wall hiding my heart is never broken again, how I
try to break

As if something gonna force you
Now, you're running into storm
Can't you see I'm always on your mind?
Tell me why you leave me alone?

My heart has been gonna dye deep red with all of pain
There's no one to cure my pain only without you
How I try to shout, how I try to run, there's nothing I can
do
The wall hiding my heart is never broken again, how I
try to break

Oh, cry in deep red
