Will you fly me away?

Mata aeru to shinjite
Believing we will meet each other again

Towani kanaderu...
I'll sing forever...

Scarlet Love Song

Ah itsuka wa kazeni natte fly away
Ah someday we'll become a wind and fly away

Anata no moto ni iku kara
I'll go where you are

Toki wa nagare eien ga iroase temo
Even if time passes and forever fades away

Anata eno omoi kiseki no yÅ¼ni kagayaite
My feelings for you will shine like a glittering stone

repeat

Will you fly me away?

Imawa hitomi o tojite
Closing my eyes now

Kokoro ni utsuru...
Deep in my heart, I'll see...

Tsubasa ni aoi bara chiribamete
Scattering blue roses on the wing

Hito wa dare demo habataku toki ga kuru
The time will come for everyone to take off (depart)

Sonotoki made

'Til that time

Hai ni narumade
'Til my body turns into ashes

I'll be falling

Mata afuredasu namida sae I believe
Karehateta hana ni inochi o ataeru
I believe even the tears welled up again in my eyes
Will give life to a dead flower

Toki wa nagare eien ga iroase temo
Even if time passes and forever fades away

Ai no shizuku wa kiseki no y  ni kagayaite
Drops of love will shine like a glittering stone

repeat

Will you fly me away?

Imawa hitomi o tojite
Closing my eyes now

Kokoro ni utsuru...
Deep in my heart,
I'll listen to...
