"If Rain"

Visit "[If Rain](#)" on MotoLyrics.com

If rain keeps falling all day
If I'd wake up all bored and alone
If days would turn into weeks
Without a sound of you coming home
It would feel like everything I had was gone

The rain keeps falling all day
But I can feel Spring in the air
That would mean nothing to me
Nothing if you were not here
Guess I really wouldn't be aware

If something will be in our way
If your heart disagreed to what my heart will say
My heart would forever be lost and away
Beat the rhythm of your name

If life would tear us apart
You would forever be on my mind
My heart would be lost in the dark
Like a satellite alone in the sky
Like fallen leaves lost and never found

If something will be in your way
If your heart disagreed to what my heart will say
My heart would forever be lost and away
Beat the rhythm of your name

I whisper to you things
I've never ever said to anyone
Whisper to me everything
Tell me what is on your mind
