The blank stood soberly and watched  
How my love would collide with their usual fuss  
They bring you down fast round here

And lies weaved endless hopes of you  
I know you won't fool me another time  
And I've been outloved before  
Now the feeling is lost forever

Earth, wind, watered eyes and you  
I've been dreaming out loud for too long now  
I don't even know your aim

A blank stare cut through the air  
And it brought back that lump of despair  
I'd been waiting for  
Now on the floor:  
A sobbing hunk of old flesh  
Has withered into this infinite mess  
Is that a tear in your eye  
Or just a drowning fly?
