OK so I've started a little long

You can take my body, take my fingers ad my tongue

Oh you move like you know what's coming next

Touching me, touching you, touching all around your
legs

I need you, I need you, I need you, you, you, you, you,
you

Get the message now I've got to have you girl

Every guy needs a girl like you love

Every girl needs a guy like me oh yeah

Every guy needs a girl like you love

See coz that's how it's meant to be

Shall I come over shall I wait a little more?

How much longer till I walk you through that door?

Don't hold back the feeling we all know lies deep inside

It won't be long now till you heart is open wide

I need you, I need you, I need you, you, you, you, you,
you

Get the message now I've got to have you girl

Every guy needs a girl like you love

Every girl needs a guy like me oh yeah

Every guy needs a girl like you love

See coz that's how it's meant to be
