Can we talk, throughout the night I need you so bad

And when we talk can you understand my feelings

And understand it hurts to be without you

Never prepared, never know what's going wrong

I'm losing though I always thought this love was so strong

So alone, so lost in the dark

So sad coz you will always have a place in my heart

Hangin onto your love

Hangin onto your love

Hangin onto your love

Hangin onto your love, I need it

Let's take a walk and reminisce about

The feelings we used to feel

Just say the word and I'll be back for good my baby

I'll be back to give you girl what you deserve

Did I say too much, did I try to rule your life

Did the love we had between us

Miss the road to paradise

Can we try again, can we chance it one more time

Can the ecstasy we found her

Be re-claimed as yours and mine

(chorus
