Been on this path of life for so long  
Feel I've walked a thousand miles  
Sometimes strolled hand in hand with love  
Everybody's been there  
With danger on my mind I would stand on the line of  
hope  
I knew I could make it  
Once I knew the boundaries I looked into the clouds  
and saw  
My face in the moonlight  
Just then I realised what a fool I could be  
Just coz I look so high I don't have to see me  
Finding a paradise wasn't easy but still  
There's a road going down the other side of this hill  
Never forget where you've coming from  
Never pretend that it's all real  
Someday soon this will all be someone else's dream  
Been safe from the arms of disappointment for so long  
Feel each day we've come too far  
Yet each day seems to make much more  
Sure is good to be here  
I understand the meaning of "I can't explain this

feeling"

Now it feels so unreal

At night I see the hand that reminds me of the stand I  
make

The fact of reality

(chorus)

We've come so far, and we've reached so high

And we've looked each day and night in the eye

And we're still so young and we hope for more

But remember this

We're not invincible, we're not invincible - no

We're only people, we're only people

Hey we're not invincible, we're not invincible

So again I'll tell you

(chorus
