When the time comes near
For me to show my love
The longer I stayed away for
Hiding from a world I need to hear now
Don't think I'll hear it again
But the nights were always warm with you
Holding you right by my side
But the morning always comes too soon
Before I even close my eyes

CHORUS

All I do each night is pray
Hoping that I'll be a part of you again some day
All I do each night is think
Of all the times i closed the door to keep my love within
If you can't forgive the past
I'll understand that
Can't understand why I did this to you
And all of the days and the nights so I regret it
I never showed you my love
But the nights were always warm with you
Holding you right by my side

But the morning always comes too soon

Before I even close my eyes

REPEAT CHORUS

Surely we must be in sight

Of the dream we long to live

If you stop and close your eyes

You'll picture me inside

I'm so cold and all alone

Straight on back to me

REPEAT CHORUS

Come on

Time is running out

You and me

Harmony

You and me
