Only one way to describe, this is deceit I am hiding

Never been here before, never wanna see here again

I've strayed from a long-term lover

And found greater lust from another

My conscience is keeping me awake and shouting at  
me all night

So I'll tell her the day after tomorrow, maybe today

So I'll tell her the day after tomorrow, or is that too late

Being loved is a big responsibility

You can never give too much back

You know it's so easy to walk away and leave that little  
lady flat

My life's feeling crowded with possessions, am I lucky  
or sad

Is it time to turn away and lose everything I had

Moving in circles, decisions chasing me round and  
round

Why's life never easy, or do we make it hard for  
ourselves

And when we find love, we need to look for something  
new

'Cos when it's all over you always feel the need to be  
loved

Like she used to love you
