You've maybe seen me walk behind you

I follow you just everywhere you go

I've heard a whisper

They're telling me you've missed her

I know you're loving someone else instead of loving me

so I've been

Chorus:

Wasting my time,

runnig after you girl

wasting my time

still I feel a sense of love

never be mine

you're someone else's lady

always on my mind

that I could steal your love away

Even now I know it doens't change me

maybe some day you'll be free again

till then remember

babe I won't surrender

still hurts me when I know you're loving someone else  
instead of loving me

so I've been

Chorus

You said that you've been missing me

but how can that be girl, how can that be girl

now all you plans thas used to be are passing us by  
and say I wanna be free
