Sweetheart listen,  
I know the last few pages  
Haven't been good for the both of us  
And I've caused you a lot of grief  
But put those bags down, o.k.?  
Before you make a decision like that,  
Please just listen to me  
'Cos I don't want you to leave.  
I definately don't want you to leave  
Just hear me out.

Honey, don't leave me now  
With my head on my shoulders wrong  
Have I done something wrong for you to leave?  
I know I've been careless, girl  
And I must apologize  
I'll try better next time, baby  
If you let me stay

If you let me stay  
I'll say what I should've said  
If you let me stay  
I should have said that I love you  
It you let me stay  
And I should have said it from my heart  
If you let me stay

How can I compensate  
For my indiscretions, dear  
Tell me it's not too late  
That I'd love to hear  
If you walk out on me  
You will see a grown man cry  
I didn't miss my water  
Till my well ran dry

But if you let me stay  
If you let me stay  
I'll say what I should've said  
If you let me stay  
I should have said that I love you

It you let me stay  
And I should have said it from my heart  
If you let me stay

Your pretensions aim for gullible fools  
And now who needs you anyway?  
I'll get mine elsewhere  
I taught the school  
You will regret it someday

If you let me stay  
I'll say what I should've said  
If you let me stay  
I should have said that I love you  
It you let me stay  
And I should have said it from my heart  
If you let me stay
