Love can you hear me?  
I'm calling to you

Beyond the fields of Avalon  
I found a new lover  
It's her I lay my lips upon  
When my emotions uncover  
Even when she's far away  
Beyond my fences  
I know that she will never stray  
Beyond my senses

Love can you hear me?  
I'm calling to you

When her kisses touch my soul  
I feel embraced by the diva

And then my spirit unfolds  
And shakes me like Shiva  
Beyond the gates of Babylon  
I found a new lover  
It's her I lay my lips upon  
When my emotions uncover

Love can you hear me?  
I'm calling to you  
My heart is on the line
