You come with the wrong words in the right way  
Come close, you know what to say

Chorus:

Call the light right now, time is right, right now  
Gonna lose some love keep on asking  
So no one does, no one does, right now  
Call the light right now, time is right, right now  
Gonna lose some love keep on asking  
So don't ask, don't ask, don't ask right no!

You came to the right place at the wrong time  
Since you've been OK, all time!  
You came with white eyes and high, high, to  
Looking to your eyes and see me too

Chorus:

Call the light right now, time is right, right now  
Gonna lose some love keep on asking  
So no one does, no one does, right now  
Call the light right now, time is right, right now  
Gonna lose some love keep on asking  
So don't ask, don't ask, don't ask right no!  
Don't ask right now, don't ask right now

Don't you think that I will be the same  
I will never be the same  
Don't you think that I will be the same  
I will never be the same  
Don't you think that I will be the same  
I will never be the same  
Don't you think that I will be the same  
I will never be the same  
Oh, oh, oh, oh  
Right now!
