Go, go, go, go  
Go back to sleep,  
If you wake up, you will not like what you see

There's a mountain, all covered with cowards  
Water run the top, boulder drop go down  
To where we are, where we are

Where are we, we said we would not  
Call it anything but what it is  
Here are we, waiting for this  
Wasting all our ... what this is

Oh, oh, open, the door and let it in  
Gotta give it a go, we gotta give it time  
Oh, oh, oh, we touch it sure for where it hurts  
Such a perfect pain, let's do it again, again, again

Where are we, we said we would not  
Call it anything but what it is  
Here are we, waiting for this  
Wasting all our ... what this is x 2

I run away with you, I run away with you I run away  
I run away, I  
I run away with you, I run away with you I run away  
I run away, I.
