We are drown in slowly drowning
we fall where we used to fly
we are quiet oh so quiet
silent when we used to saw
we are walking, slowly walking
step by step in different waves
no more talking, no more talking
silent as we hit the ground

Chorus:

Oh, how we waited for this moment
for it to set us free
now are free to go
like we always knew we would
like we always knew we should.
Oh, how we waited for this moment
for it to let us go
now are free to go
like we always knew we would
like we always knew we should.

Oh, let the wind go,
deep and waited for it to blow out way
again and again, and again and again
blow it all away,
Oh, let it all go,
we've been waiting for it to go away
again and again, and again and again
and again and again, and again and again

Chorus:

Oh, how we waited for this moment
for it to set us free
now are free to go
like we always knew we would
like we always knew we should.
Oh, how we waited for this moment
for it to let us go
now are free to go
like we always knew we would
like we always knew we should.

We are walking, slowly walking
step by step in different waves
no more talking, no more talking
silent as we hit the ground
