Just for you
I'd tear down walls
Rescue you when you're face to face with your fate

Just for you
I'd walk through fire
Stand right there the rest of my life, girl if that what it takes

You might say that I'm crazy
Or just a little touched
But I'm doing it all for you because I love you so much

Just for you
I'd be myself
If you want me to beg, just for you I'd break down and cry

Just for you
I'd hold on tight
I'd never let go if you just stay with me tonight

You can call me insane
I'm not that far gone
But I'm doing it all for you because my love is so strong

You can call me insane
I'm not that far gone
But I'm doing it all for you because my love is so strong
