Not much difference 'tween a cow and you
Flesh, blood, bones
She cries like you do
Cries like you do

Yours is the hippest hypocritical point of view
Wake up and realise the things that you do
You're busy whipping Hitler cos he gassed so many
Jews
You're as guilty of murder - look at what you chew
Everybody's worried 'bout a Third World War
Nuclear annihilation, need I say more?
While you're feasting at the peace meeting
Feasting at the peace meeting
Wake up!
Flesh, blood, bones
Peace on earth and goodwill to all men
The lower species we will condemn
While we're feasting at the peace meeting
Feasting at the peace meeting

She cries like you do
Cries like you do
She cries like you do
She cries like you do oo oo oo !!
