[Intro by JD:]

Let's get down

Let's get down

[Verse One (Kandi):]

You claim you've been waiting,

With no game, just anticipating,

How it would be if you and I were in the sack

But to me you look like you wouldn't know how to act

[Bridge (LaTocha):]

I need someone to hold me,

All night long.

It must be you my darling,

Am I wrong.

It ain't a damn thing baby,

Show me what you can bring,

Cause some try to swang but they still can't hang.

[Chorus:]

You and me let's get down,

Even though you claim that you've been around,

I betcha can't hang,

I betcha can't hang.

[Repeat x2]

[Verse Two (Kandi):]

You claim you can do this, this and that,

Ain't no shame in my game,

If it's wack I gotta tell you that.

So you betta be up on your down stroke,

You gotta know how to keep this boat afloat,

Cause in my mind I think your gonna slip baby.

[Repeat Break and Chorus]

[Rap by MC Lyte:]

You talk a lot of this and you talk a lot of that,

Is it all fact brotha man are you phat?

Cause if it's on the real I come with mad sex appeal,

Flip light delicious, you know the deal.

Hey that's me, I be the slick,
The one with the physique,
I freak you in the sheets.
I take a nigga deep down under,
I make him wonder,
How to make the lighting come before the thunder.
That's the pleasure I bring,
I make a nigga get up and sing,
Tinga linga ling ling.
I got the pow, da boogie and the bang bang
You can't hang don't talk da game [Repeat Chorus]
