See baby you're my little secret
(Secret, secret)
If you don't tell, I won't tell
And that's how we gotta keep it

See baby you're my little secret
(Secret, secret)
If you don't tell, I won't tell
And that's how we gotta keep it

Did anybody see ya coming to my house last night?
When I got your message in my beeper
That you wanna do everything I like
Alright, alright

I like being in the same room wit you and your
girlfriend
The fact that she don't know, that really turns me on
She'll never guess in a million years
That we've got this thing going on

You're my little secret
And that's how we should keep it
It's on everybody's mind, about you and I
They think so but they don't really know
Or wanna know that

You're my little secret
And that's how we should keep it
We should never let 'em know, never let it show
If you know like I know
We should never let it go

If anybody knew that it was you and your house
That I was creepin' to you all the time
I'd probably still do it
'Cause I find it hard to keep you off of my mind

I like being in the same room wit you and your
girlfriend
The fact that she don't know, that really turns me on.
She'll never guess in a million years

That we've got this thing going on

You're my little secret
And that's how we should keep it
It's on everybody's mind, about you and I
They think so but they don't really know
Or wanna know that

You're my little secret
And that's how we should keep it
We should never let 'em know, never let it show
If you know like I know
We should never let it go

Everybody cheats
But you gotta know how, you gotta know when
You gotta know why my infatuation with you
Is taking me on an emotional high

I'm caught all up in this love affair, baby
Speculation will bring us stares
All my friends are askin' me about it
Still the truth I can't reveal

You're my little secret
And that's how we should keep it
It's on everybody's mind, about you and I
They think so but they don't really know
Or wanna know that

You're my little secret
And that's how we should keep it
We should never let 'em know, never let it show
If you know like I know
We should never let it go

As long as I'm right here
You ain't never gonna be by yourself
'Cause the love that we share, it stays on my mind
You're always gonna be a little secret of mine

As long as I'm right here
You ain't never gonna be by yourself
'Cause the love that we share, it stays on my mind
You're always gonna be a little secret of mine

You're my little secret
And that's how we should keep it
It's on everybody's mind, about you and I
They think so but they don't really know
Or wanna know that

You're my little secret
And that's how we should keep it
We should never let 'em know, never let it show
If you know like I know
We should never let it go
