[Chorus]

This is the C section

Rippin and wreckin the lyrical legends sendin y'all to  
mic club heaven

This is the C section

A lyrical legend second to none in this profession

[Canibus]

I spit it exquisite

And rip it minute by minute

I'm in it to win it

You fuckin rhyme with bis you finished

Lyrical menace scrape enamel off your teeth like a  
dentist

With a senator minister from the executive senate

Pro-gression followed by metaphorical methods

Testing 1 2 3 4 testing testing

Supreme supremacist nemesis to competitors

Predators eat intestines of anything they entrusted in

Slice you like lettuce and celery start seven

Then make a mc salad out of suckas and sell it

For an expensive percentage

With nine tenths of the credit

Drink red bull beverage to increase lyrical leverage

I only give respect to mic club members and my own  
mentors

In the center of my circle where I dare you to enter

This is art imitating life imitating art

Imitating the brain simulating thoughts when I talk

Idealistically I spit for free

The cinematography of the rhyme is what balances me

Challenges me

E A six speed prowlers

Superior air power

Fly around us with propulsion that's soundless

Spittin rhymes out by the thousands

Nitro-glycerin tablets under the tongue calm me down  
a bit

Attitude cynicism and lassitude

Battle you? come on dude I should slap you fool

Spit what I'll leave your lips numb the friction is so sick

son

Your children disappear from a trition  
Rhythmic high intensity conflict is a given it  
Especially if Canibus is doin the rippin  
You snippin to clippin in the C-section incisions  
With scissors with rubber ergonomic grip for the  
fingers  
Liars for hire with a defense like Jeffery Fygar  
And rock it like thugs who work for mic club  
Hyped up and tear the mic up my man  
Move forward as expeditiously as I can  
Ain't nobody in the world like Bis  
The nitrous with radio telescopic devices  
Same type shit  
Facially hairless igogarious Jamaican-American  
Lyricist turned microphone terrorist  
Airlift me off the front line to my therapist  
So I can sit in his chair and tell him how much I care for  
this  
This is what they want this is what they love  
To engage in the exchange of ideas and drugs  
While I'm in the cut satellite trackin you rappers  
With months of food rations beneath the catacombs of  
Paris  
Theories of super-lattice and super-savage  
Atomic attack tachometers flash when I punch the gas  
bitch  
The farther I climb the harder I rhyme  
You gotta face death and survive to feel more alive  
The quality of life is an illusion of the mind  
Super-imposed lines look two-dimensional from the  
side  
According to the science of the C-section applied  
If they say I'm the best after I die don't be surprised  
I C-section the sky let my energy rise  
At the moment of truth I know it's definitely my time  
As my soul is eased through the sive I'll be grateful  
because I lived  
The only drawback is that I didn't have kids  
To C-section my beautiful whiz  
And see the resemblance of my face in hers or his  
Who knows what the future will bring  
It stresses me to think  
This mic meant everything now it doesn't seem  
important  
Now I gotta follow orders defend borders  
From Maine to California Seattle to Florida  
If I could talk to the Oracle I know what I'd ask her  
I'd speak to her about my passions  
As the hourglasses turn my life passes  
I'll just wait till I see the master and I'll just ask him

Forget it that's the future this is the present  
A message to anybody listenin to the C section

[Chorus] - repeat 2X
