Chorus: {samples} + [Canibus]

"N", "I", "G-G", "A" [Nometry]  
"N", "I", "G-G", "A" [Nometry]  
"N", "I", "G-G", "A" [Nometry]  
[Nigganometry, nigga-nom-nom-nometry]  
"N", "I", "G-G", "A" [Nometry]  
"N", "I", "G-G", "A" [Nometry]  
"N", "I", "G-G", "A" [Nometry]  
[Nigganometry, nigga-nom-nom-nometry]

[Canibus]

Now if a bitch sucks yo' dick, for five dollars per square inch  
and gets forty dollars, includin a five dollar tip  
How big was the dick she just sucked? (Say what?)  
Say how big was the dick she just sucked? (What?)  
If you a nigga with a watch, that's iced out  
with enough rocks to make the hottest room  
temperature drop  
How long will it take for you to get robbed? (Say what?)  
How long will it be before you get robbed? (What?)  
Now if your song played on the radio for the first time  
four days ago, now the shit is rotational  
Who got paid off to play it? (I ain't scared to say it)  
Say who the fuck got paid off to play it? (I ain't scared  
to say shit)  
If you sign a recordin deal for less than a quarter mill'  
and your advance is a hundred-thousand dollar  
automobile  
I know the vehicle was probably beautiful (Yeah it's  
tight)  
But did you ask your lawyer if it was recoupable?  
It's nigganometry.. {echoes}

Chorus: {all except first line}

[Canibus]

You had five shots of coke and vodka, then you  
convinced  
your designated driver to smoke a pound of marijuana  
How the hell you gonna get home?  
Say how the fuck you gonna drive yourself home?  
You got a mansion, a Benz, a Bentley and a Range  
and ain't none of that shit in your government name  
What pieces of property do you own? (You don't own  
nothin)  
What pieces of property do you really own?  
You don't own a god damn thing, nigguh)  
Now if you take a glass of water then add two cubes of  
ice  
you should see the cup's water level slightly rise, right?  
You need to watch what I'ma show you (Watch this)  
You need to look closely at what I'ma show you  
(Listen to this right here)  
If you remove every living animal out of the sea  
then wouldn't the world's ocean water level decrease?  
This means the planet wasn't three-quarters water (that  
was deep)  
This means the planet wasn't three-quarters water (that  
shit was deep)  
It's nigganometry...
