Dig, dig down...

Dig, dig down...

(Chorus)

Candymine, candymine, tunnelling to honey for a girl
so fine

Candymine, candymine, tunnelling to honey for a girl
so fine

Wake up every morning when the clock strikes six
Pick up my girlfriend and we pick up sticks
Digging for her sweet love and I can't waste time
Working down that candymine

(Chorus)

Finish every evening when the clock strikes five
Home to my queen bee and our private hive
Digging for her sweet love and I can't waste time
Working down that candymine

(Chorus)

Dig, dig, down...

(Spoken)

We've got to get the candy out of the candy mine!
Let's get working!

(Chorus x 4)
